

The Brant Lake Association dedicated to:

- Preserving the beauty and tranquility of Brant Lake's land, water, dwellings and community.
- Maintaining the lake's water quality.
- Encouraging camaraderie among neighbors with scheduled social events for members during the summer.

All members receive the foundation newsletter, *The Brantlaker*, to keep them informed of projects that the organization is involved in and the social events planned for the summer season. The association's primary focus is insuring the quality of the water of Brant Lake. Invasive species, roadway runoff, and septic and fertilizer percolation are just some of the problems faced. Of particular emphasis at this time is the serious problem of the invasion of the lake by Eurasian Milfoil. Our volunteers are actively working to address these issues. Show your support for these problems by joining or renewing your membership with Brant Lake Association today!

Annual 2010 dues of \$25 enclosed

Name(s): _____
